

HOW TO USE THE RESOURCES TOOLKIT

Welcome to the resource's toolkit for the Mini 30x30 Challenge – A students' wave for the ocean.

This document contains a brief description of each file and some suggestions on how to use these resources to make your participation as easy as possible.

The toolkit contains the following resources:

- 1. Brochure_Mini 30x30** – A quick introduction to the Mini 30x30 Challenge, that can also be used to publicise it.
- 2. Participation Regulation_Mini 30x30** – The rules, terms and conditions for participation. We recommend a thorough reading before participating.
- 3. Presentation_Mini 30x30** – A presentation that can be used in the classroom. It will help students to learn about the Mini 30x30 Challenge, the United Nations Ocean Conference (UNOC) and the benefits of Marine Protected Areas.
- 4. Teachers' Guide_Mini 30x30** – To help teachers better explore the presentation with their students. It also includes detailed guidelines for two practical activities that teachers can carry out with their students.
For those teachers who do not have access to the online voting form, the guide also includes a printable participation form.
- 5. Open Letter_Mini 30x30** – A draft of the open letter to be delivered to the United Nations. It is important that participants understand and are familiar with its content before deciding to subscribe.
- 6. Certificate of Participation_Mini 30x30** – To be printed out and used in the group photo of each participating class. It can also be printed and offered to each participating student.
- 7. Video MPAs_Mini 30x30** – An animated video explaining the importance of Marine Protected Areas for protecting the ocean. It is available in English and Portuguese, with subtitles in English, Portuguese, Spanish and French. See below for instructions on how to play the video with subtitles.

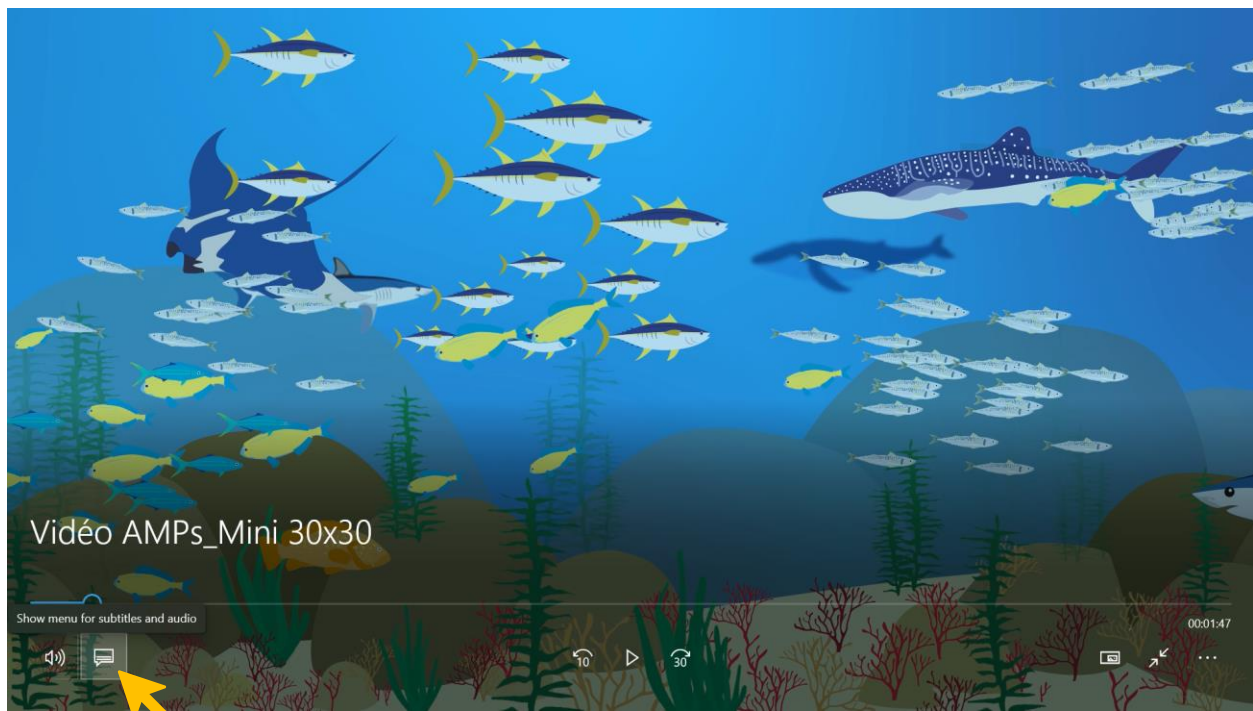

7.a. Video MPAs EN subtitles_Mini 30x30

How to play the video with subtitles:

1. Open the video file and pause

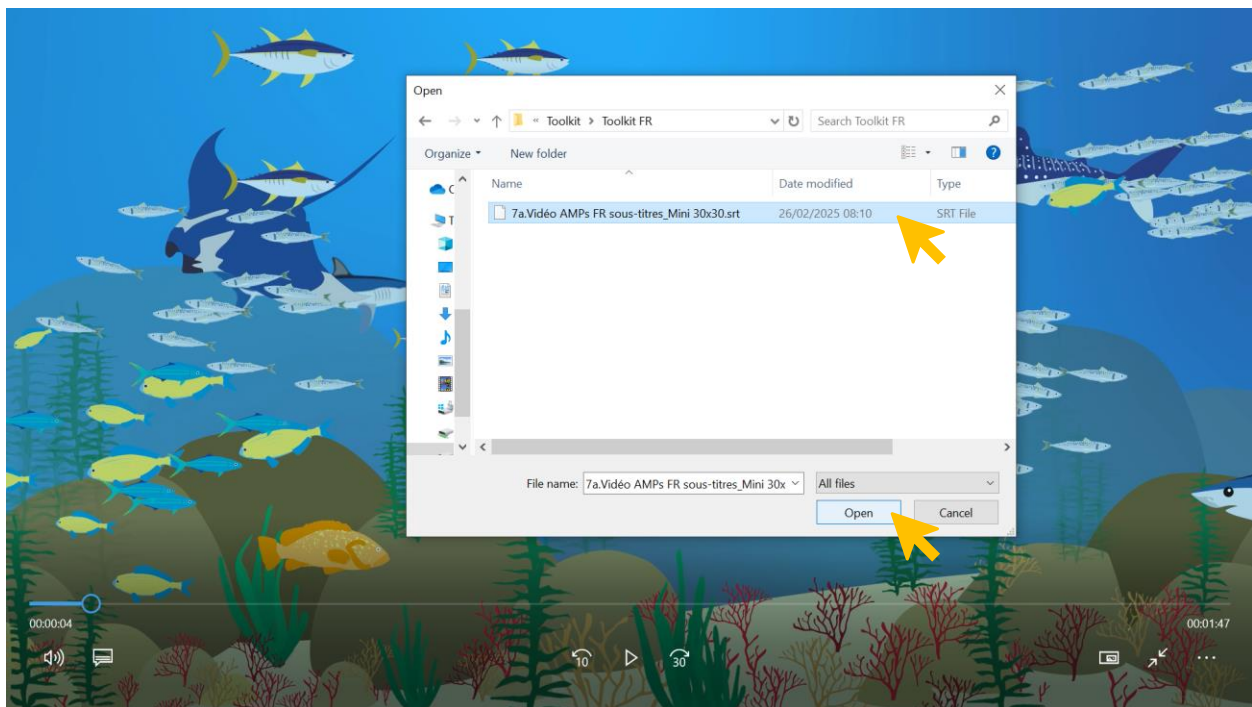

2. Find the subtitles and audio menu for your video player

3. Click the option to choose a subtitle file

4. Navigate to the toolkit folder («Toolkit EN»), select file «7a» and click «Open»

5. Press «play» to continue watching with the subtitles
